

Castle in the snow » de Kadebostany.

The light is fading now
My soul is running on a path that I can not reach
My brain is turning and my head is hurting
everyday a little bit more

The light is fading now
My force is being sucked by a bloody leech
My fear is smiling and my dread is singing
everynight a little bit more

I can not see anything
I am blind folded

I can hear the birds
I can see them fly
I can see the sky

I can hear the birds
I can see them fly
I can see the sky
It's a battle cry

I'm a zombie
I don't know what to do
I should be hidden in a place
but I gotta stay stay stay, stay stay stay STAY

I'm so lonely
I don't know if i'll get through
I wanna be floating in space
but I gotta stay stay stay, stay stay stay STAY

I can hear the birds
I can see them fly
I can see the sky

I can hear the birds
I can see them fly
I can see the sky
It's about to cry
